4 Proctor Road
Eldred NY 12732

Re: Application #6-2024 – Eldred Preserve
1040 State Route 55, Eldred NY – Section 4.-1-3.1

Dear Planning Board Members:

I write this day to comment on the above application to build a spa on the premises. I support the application completely. This project will enhance the Town with an additional amenity. There is no impact on the school district nor on the traffic patterns nor require any additional services from the Town of Highland. There is no downside to this project but many pluses. I respectfully urge the Planning Board to approve this application.

Very truly yours

ANDREW BOYAR
