Permit for Driveway, Drainage, Sewer or Water Pipes Permit Under Section 136 of Highway Law

WHEREAS, Section 136 of the Highway Law provides "No street surface or other railroad shall be constructed upon any portion of a road constructed or improved on a county road system, nor shall any person, corporation or municipality enter upon or construct any work in or upon any such road, or construct any overhead or underground crossing thereof, or lay or maintain therein drainage, sewer or water pipes underground, except under such conditions and regulations as may be prescribed by the Superintendent of Highways, notwithstanding any consent or franchise granted by any town or by the municipal authorities of any village or town.

WHEREAS, a certain highway known as _____ CR No. _____
has been improved and is on the Town of Highland road system and _____ Email: _____
WHEREAS _____ PH: _____
Whose address is _____ FX: _____
requests permission to _____

_____ as per attached construction plans and details, sketch or map.

NOW, THEREFORE, permission is hereby granted to said _____
to complete said work in accordance with the following conditions.

GENERAL CONDITIONS AND RESTRICTIONS

- Superintendent of Highways reserves the right to at any time revoke or annul this permit should the applicant fail to comply with the terms and conditions upon which this permit is granted.
- Applicant certifies all persons concerned with actual work under this permit are duly covered by Workmen's Compensation Insurance and the State, County and Town shall be held harmless on account thereof.
- Applicant hereby agrees to hold the State, County and Town harmless on account of damages of any kind which may arise during progress of the work authorized by this permit or by reason thereof.
- This permit shall not be assigned or transferred without the written consent of the Town of Highland Superintendent of Highways.
- Superintendent of Highways shall be given (5) five days prior notice by said applicant of the date when it intends to begin the work authorized by this permit, and notice within (5) five days of completion.
- Applicant agrees to pay all necessary expenses incident to inspection by reason of the granting of such permit as certified by the Superintendent of Highways, such payment to be made within (10) ten days from the rendering of the certified account.
- Work under this permit shall commence within (30) thirty days from date of permit and shall continue to completion in an expeditious manner.
- The applicant shall submit detailed plans of all facilities and structures to be installed within the right-of-way, with a description of proposed method of construction with all necessary details to locate proposed facility (in plan, section and profile) to clearly define detail and material of construction, inclusive of all required restoration, erosion control and maintenance of traffic plans and details.
- All pipes or mains crossing highway pavements shall, when possible, be driven beneath the roadway without disturbance to the pavement.
- A trench across a highway shall be backfilled with R.O.B. gravel, or equivalent and thoroughly compacted. Suitable barricades and other traffic control and safety devices shall be maintained during this time and warning lights shall be displayed at night
- Safety is of highest priority. All personnel are required to wear hard hats and safety vests while working within the right-of-way.
- Applicant, owner or contractor is responsible for any damage to road during culvert pipe installation (rubber mats, tires or plywood should be used).
